EXPERIENCE

Software Developer | ZopSmart, Bangalore India

07/2022 - 04/2024

- Designed and developed multiple web pages within the admin dashboard, catering to different functionalities and user roles.
- Implemented responsive design principles to create web pages that seamlessly adapt to various screen sizes, providing users with consistent functionality and aesthetics across devices.
- Identified and carefully resolved bugs, ensuring the seamless functioning of the admin platform.
- Contributed to a flexible and scalable reusable component package, enabling seamless integration of components across multiple projects, amplifying code reusability, and enhancing overall development efficiency.
- Tech Stack : **HTML, CSS, Styled-Component, JavaScript, ReactJs**

Software Developer Intern | ZopSmart, Bangalore India

01/2022 - 06/2022

- Learned to identify and resolve coding issues by employing debugging techniques. Gained confidence in troubleshooting errors and ensuring smooth functionality.
- Worked closely with designers, backend developers, and other team members. Gained insights into the collaborative nature of web development projects and the importance of effective communication.
- Applied theoretical knowledge to hands-on projects, contributing to the development of user-facing features and enhancing user experiences on live websites.
- Tech Stack : **HTML, CSS, JavaScript, ReactJs**
